The swimmers competed in a variety of swimming events.

## JUNE

On Saturday, June 7, the 2014 **Cerritos Kids Fishing Derby** was held at Cerritos Regional Park. The annual event was sponsored by Los Angeles County Supervisor Don Knabe, the Cerritos Rod and Gun Club, the City of Cerritos and the Los Angeles County Department of Parks and Recreation. The event kicked-off at 7 a.m. with a pancake breakfast followed by the fishing derby from 8 to 11 a.m. Children, ages 5 to 15 years, were invited to participate in this free event.

The **Recreation Services University (RSU) Summer In-Service** was held on Sunday, June 8 at Cerritos Park East. The annual training brings the Division's entire staff together for an evening of education, motivation, and recognition. This year's in-service was centered on the theme "Out is In." As is the theme selected by the National Recreation and Park Association for July as National Park and Recreation month, the training's activities were focused on having part-time staff outside in order to change their outlook and become more invested in their park programs. Additionally, breakout sessions were conducted on American Flag etiquette and an overview of park-related City ordinances.

An inclusion and behavior management training was held at Liberty Park for Recreation Services Division staff. The training was conducted by Kids Included Together, a non-profit organization based in San Diego that specializes in providing best practices training for community-based organizations serving individuals with disabilities. They provided their expertise on a variety of topics related to serving individuals with special needs and general behavior management for children. Participants had the opportunity to learn about person-first language and the philosophy of inclusion through hands-on activities. The training also focused on supporting positive behavior and creating an environment for success. This was a mandatory training for all Recreation Services Division staff.

An awards program for the **Youth Baseball/Rookie T-Ball League** was held on Monday, June 16, at the Cerritos Sports Complex. The event was the culmination this year's outstanding program and honored over 150 youngsters and volunteer coaches. The evening featured an awards presentation by the City Council and the Parks and Recreation Commission. Participants and their families were also treated to picnic-style games and activities conducted by Recreation Services Division staff.
