

SAFETY IS PARAMOUNT

FACE COVERING REQUIRED

Everyone age 2 and older must wear a face covering when inside any City of Cerritos facility, per the Los Angeles County Health Officer Order, **effective July 18, 2021.**

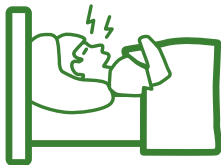

The risk of COVID-19 is still present, especially for those who are not fully vaccinated against the virus. When people wear a mask correctly, they protect others as well as themselves.

The following people **should not wear a mask**:

- Children under age 2.
- People who cannot safely wear a mask, such as someone who is unconscious, incapacitated, or who is unable to remove a mask without help.
- Anyone instructed not to wear a mask by their medical provider.

Stay home if you are sick with a cough, shortness of breath, difficulty breathing, fever or chills or if you are currently under quarantine or isolation.

Clean your hands with soap and water or hand sanitizer after contact with frequently touched surfaces.
